BRIAN KIRAGU KINYUA

Software Developer — Full-Stack & Automation | Cybersecurity-Trained

Nairobi, Kenya | +254 704 186 096 | bryankiragu123@gmail.com

Portfolio: bkk-portfolio-rouge-theta-78.vercel.app | LinkedIn: linkedin.com/in/brian-kiragu-kinyua | GitHub: github.com/bryank-4

PROFESSIONAL SUMMARY

Computer Science graduate (Second Class Honours, Upper Division, Catholic University of Eastern Africa) with hands-on experience building full-stack web applications, designing relational database systems, and automating manual operational processes. Combines software development with a Cisco Ethical Hacker certification and the ISC2 Certified in Cybersecurity credential, bringing a security-conscious approach to system design. Experienced in digitising multi-step operational workflows and exposing clean, structured data for reporting and compliance systems. Open to internship, graduate and entry-level opportunities in software development, IT support, systems and cybersecurity.

TECHNICAL SKILLS

Programming & Web: JavaScript, TypeScript, Python, React, HTML5, CSS3, REST APIs

Databases & Backend: PostgreSQL, Supabase, SQL, Relational Database Design, Node.js/Express

Systems: Linux/Bash scripting, Kali Linux, Windows, Virtual Machines (VirtualBox/VMware), Cloud Infrastructure fundamentals

Networking & Security: Community network design and readiness assessment (ISOC), Information Systems Security, Ethical Hacking

Tools & Methods: Git/GitHub, Agile methodology, workflow automation, Excel (PivotTables, Data Validation), technical documentation

PROFESSIONAL EXPERIENCE

IT Operations & Support Intern — *Kenya News Agency, Nairobi* May 2024 – Aug 2024

- Led a full IT asset audit across multiple government departments, building an automated Excel-based validation system that delivered a 100% accurate registry ahead of the annual fiscal audit deadline.
- Managed technology uptime for 50+ end-users, acting as first point of contact to eliminate operational downtime in a fast-paced environment.
- Delivered structured training sessions guiding non-technical staff through new office automation software and compliance procedures.

KEY PROJECTS

FarmConnect — Full-Stack Agri-Fintech Marketplace | Project Lead & Backend Developer

GitHub Repository: https://github.com/bryank-4/farmconnect

- Designed and deployed a digital marketplace connecting rural farmers directly to buyers, aimed at improving financial inclusion and cutting out exploitative middlemen.
- Built a secure backend REST API using Node.js and TypeScript, with Supabase (PostgreSQL) handling real-time database management, authentication, and transactional data.
- Designed normalised schemas covering user roles, product listings, order status, and transaction lifecycles.

School Portal System — Database Architect & Modeler

GitHub Repository: https://github.com/Sam-Nyalik/school-portal-system

- Modelled a relational database framework for student records, applying normalisation to eliminate redundancy and strengthen data security.

EDUCATION

Bachelor of Science in Computer Science Graduated Oct 2025

Catholic University of Eastern Africa (CUEA), Nairobi

Second Class Honours, Upper Division. Key coursework: Information Systems Security, Database Architectures, Distributed Systems, Software Engineering, Web Application Development.

Kenya Certificate of Secondary Education (KCSE) 2020

Marion Preparatory and Senior School, Nairobi

Mean Grade: B (Plain)

CERTIFICATIONS

- Cisco Ethical Hacker — Cyber Shujaa (USIU, Serianu Ltd & Kenya Bankers Association), April 2026
- Certified in Cybersecurity (CC) — ISC2, Feb 2025
- Cybersecurity & Emerging Technologies Awareness — ICT Authority, Kenya, Feb 2026
- Fundamentals to Cloud Infrastructure — ICT Authority, Kenya, Jan 2026
- Building Wireless Community Networks — Internet Society (ISOC), June 2026
- Community Networks Readiness Assessment — Internet Society (ISOC), June 2026
- Git and GitHub Essentials — Amigoscode, May 2024

Recommendation letters, Certificate of Graduation, and testimonials available upon request for verification.
